### Interior Design for Oakville Homes

No matter how strong a vision you have for your home, you may feel that you need help pulling it all together or finding just the right fabrics and finishing touches. Sharp Homes of Oakville offers an interior design service that is based on collaboration and full-service solutions that bring out the best in your home.

Our interior design team can help you with: overall planning of your space and placing of furniture; fabric selection; custom upholstery; colour and artwork consultations; choosing flooring, lighting, window treatments and cabinetry.

### The Benefits of Hiring an Interior Designer

At Sharp Homes, our designers work closely with you to understand your design goals and assess how best to reach those goals. Along the way, they will help you address some very important points, like:

- How trendy is the design and will it stand the test of time?
- Are the choices you're making best for your lifestyle?
- If you have children, have you chosen durable fabrics, wall coverings and furniture?
- Are the individual choices you've made consistent with the overall design theme?
- What options are available for paint and fabric?
- Does the colour you've chosen suit the space? Will it overwhelm the room? Will you grow tired of it in a short time?

**clear, effective content for all of your  
communications**

In the end, interior designers can save you a lot of time, money and energy. Once they have learned more about what you want to achieve, they can sketch it out and review it with you to ensure you are confident with the design choices before making any changes.

Our designers also know where to find the unique materials and pieces that will make your room special.

### **Complete Home Design Services in One Place**

If, during your interior design consultation, you decide to make bigger changes, we can help.

Sharp Homes is a full-service home design and construction firm. As such, we can plan and manage your entire project, whether it be a simple refresh of a room or a more complex renovation.

We offer all of the services you need, from start to finish, including: design consultations, permits, and structural engineering; infrastructure, like plumbing and wiring; and custom carpentry. To complete your project, we provide everything from the basics, like drywalling and painting, to more specialized design options, like heated floors, natural stone masonry, and tile or hardwood floors. For a complete list of our service offerings, visit our [Services](#) page.

### **Improve the Look and Feel of Your Home**

An upgrade to your home makes a tremendous difference in how you see your home and how you feel in it.
